CLOSING

The 1976 Yearbook Staff hopes you, the student, will find yourself within these pages. Not necessarily in a photo, but behind every face and behind every word. You are an individual who has passed through the days planning, perhaps unconsciously, your future.

You may have prepared for the future 4

through involvement in a particular activity, a particular sport, or even through particular friendships. Every one of us has our own goals. The way we try to attain these goals, whether good or bad, will contribute to the shaping of our distinctive personalities.

The twelve years that we seniors have spent in school were just a beginning in developing and understanding ourselves. The future will bring more changes, and changes will hopefully bring a fulfilling life to all of us.

At Enrico Fermi High School the uniqueness of our students is obvious. We would like to present the diversity of each student as illustrated throughout each page of the *Traces* nineteen seventy-six yearbook.

By different methods different men excel.
But where is he who can do all things well?
--Church

Through the extensive activity program at Fermi High every student has the opportunity to sample the careers and experiences which one may wish to pursue after graduation. All of these activities are organized, not to create experts in a particular field of interest, but, by degrees, to present some of life's expectations. Responsibility, dependability, and a sense of duty are some important qualities that each person might develop in coping with obstacles that arise in almost every activity.

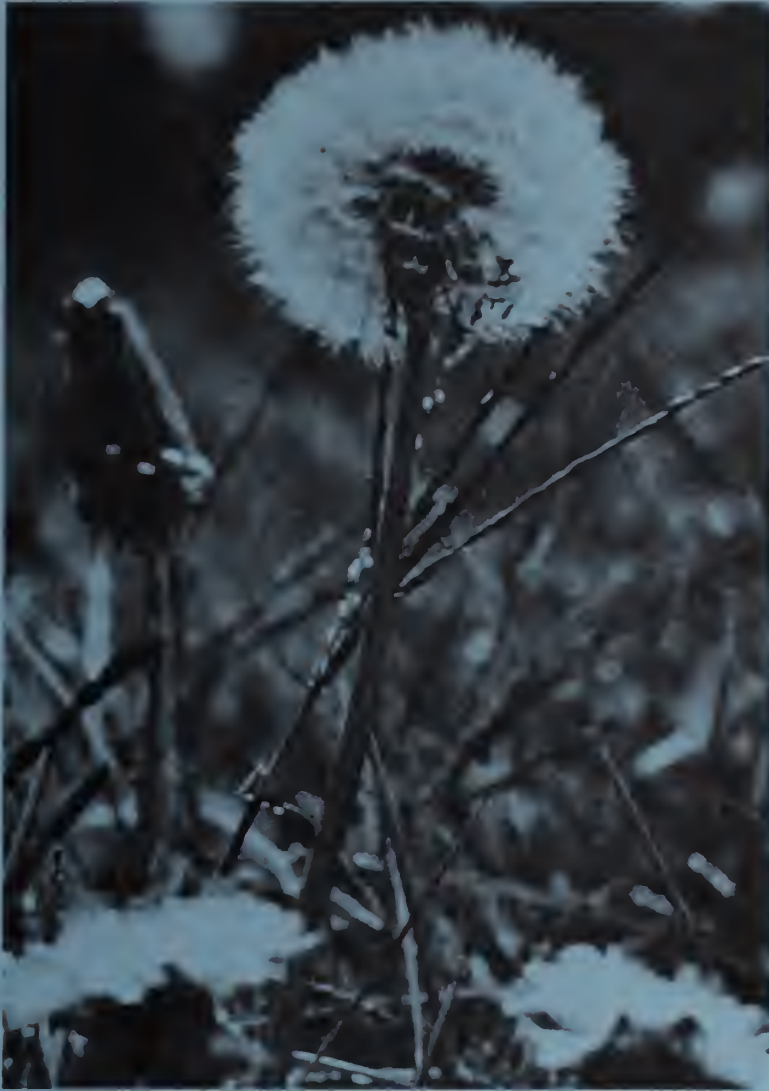

The Fermi Band, Lamplighters and the Future Nurses Club are but a few of the outlets which enable a student to share his or her capabilities with others. Regardless of talent, experience or even age, interest is the only limiting factor for membership to an activity. From there, only the amount of time and energy one devotes to a group determines the satisfaction gained. Actually, it is the **FREEDOM TO CHOOSE** that makes one's life pleasurable, dull, exciting or even solemn. This then, is the underlying factor behind every activity, just waiting to be discovered and utilized by every high school student, as part of the diversification of maturity.

Countless the various species of mankind,
 countless the shades that separate mind from
 mind, no general object of desire is known;
 each has his will and each pursues his own.
 --Gifford

To strive for the best is one's personal responsibility but to find this interest where one can excel is the key. The variety of sports offered at Fermi High has given each individual a chance to choose one that will enhance and fulfill his or her particular goals.

The degree to which athletics can benefit a person is unfathomable. Consider the many assets attributed to athletics when used as a universal teaching tool. Self-control, leadership, aggressiveness, compatibility, sportsmanship, and life long friendships create a seed, the basis for any type of growth in a team atmosphere. This seed is, in turn, implanted within every athlete through strenuous workouts and grueling matches. From there, each person nourishes and polishes a UNIQUE, SELF-SATISFYING personality ready to face and better the world in which we all live and work together.

RAIDERS BEWARE--FALCONS ARE FLYING HIGH

If a man does not keep pace with his
companions,
Perhaps he hears a different drummer,
Let him step to the music he hears.
However measured or far away.
--Thoreau

There is not now, nor will there ever be any two students at Fermi High School who are exactly alike. Every student's feelings, beliefs, desires, likes and dislikes are unique. It is these **DISTINCTIVE FEATURES** that have made this school a symbol of how diversity can create a unity of spirit.

Each student's personality constitutes an unmatched human being with his own well defined traits. It is these well defined traits which distinguish one individual from another. These personal characteristics take shape through the trials of friendships, the hours of study and through the myriad experiences of life itself.

From this, we come to distinguish one human being from another and we realize the burden on us all to mold ourselves into a single uniqueness. It is this respect for individuality that will build the world of tomorrow into a diverse yet unified existence.

Moments there are
when we pause to rest
And turn our eyes
from the goal's far crest.
We become aware
of the wayside flowers,
And sense God's hand
in this world of ours.
The sun flecks gold
thru the sheltering trees,
And we shoulder our burdens
with twice the ease.
Peace and content
and a world that sings
The moment
of true awareness brings.
--Helen Lowrie Marshall

Very little is needed
to make a happy life.
It is all within yourself,
in your way of thinking.
--Marcus Aurelius

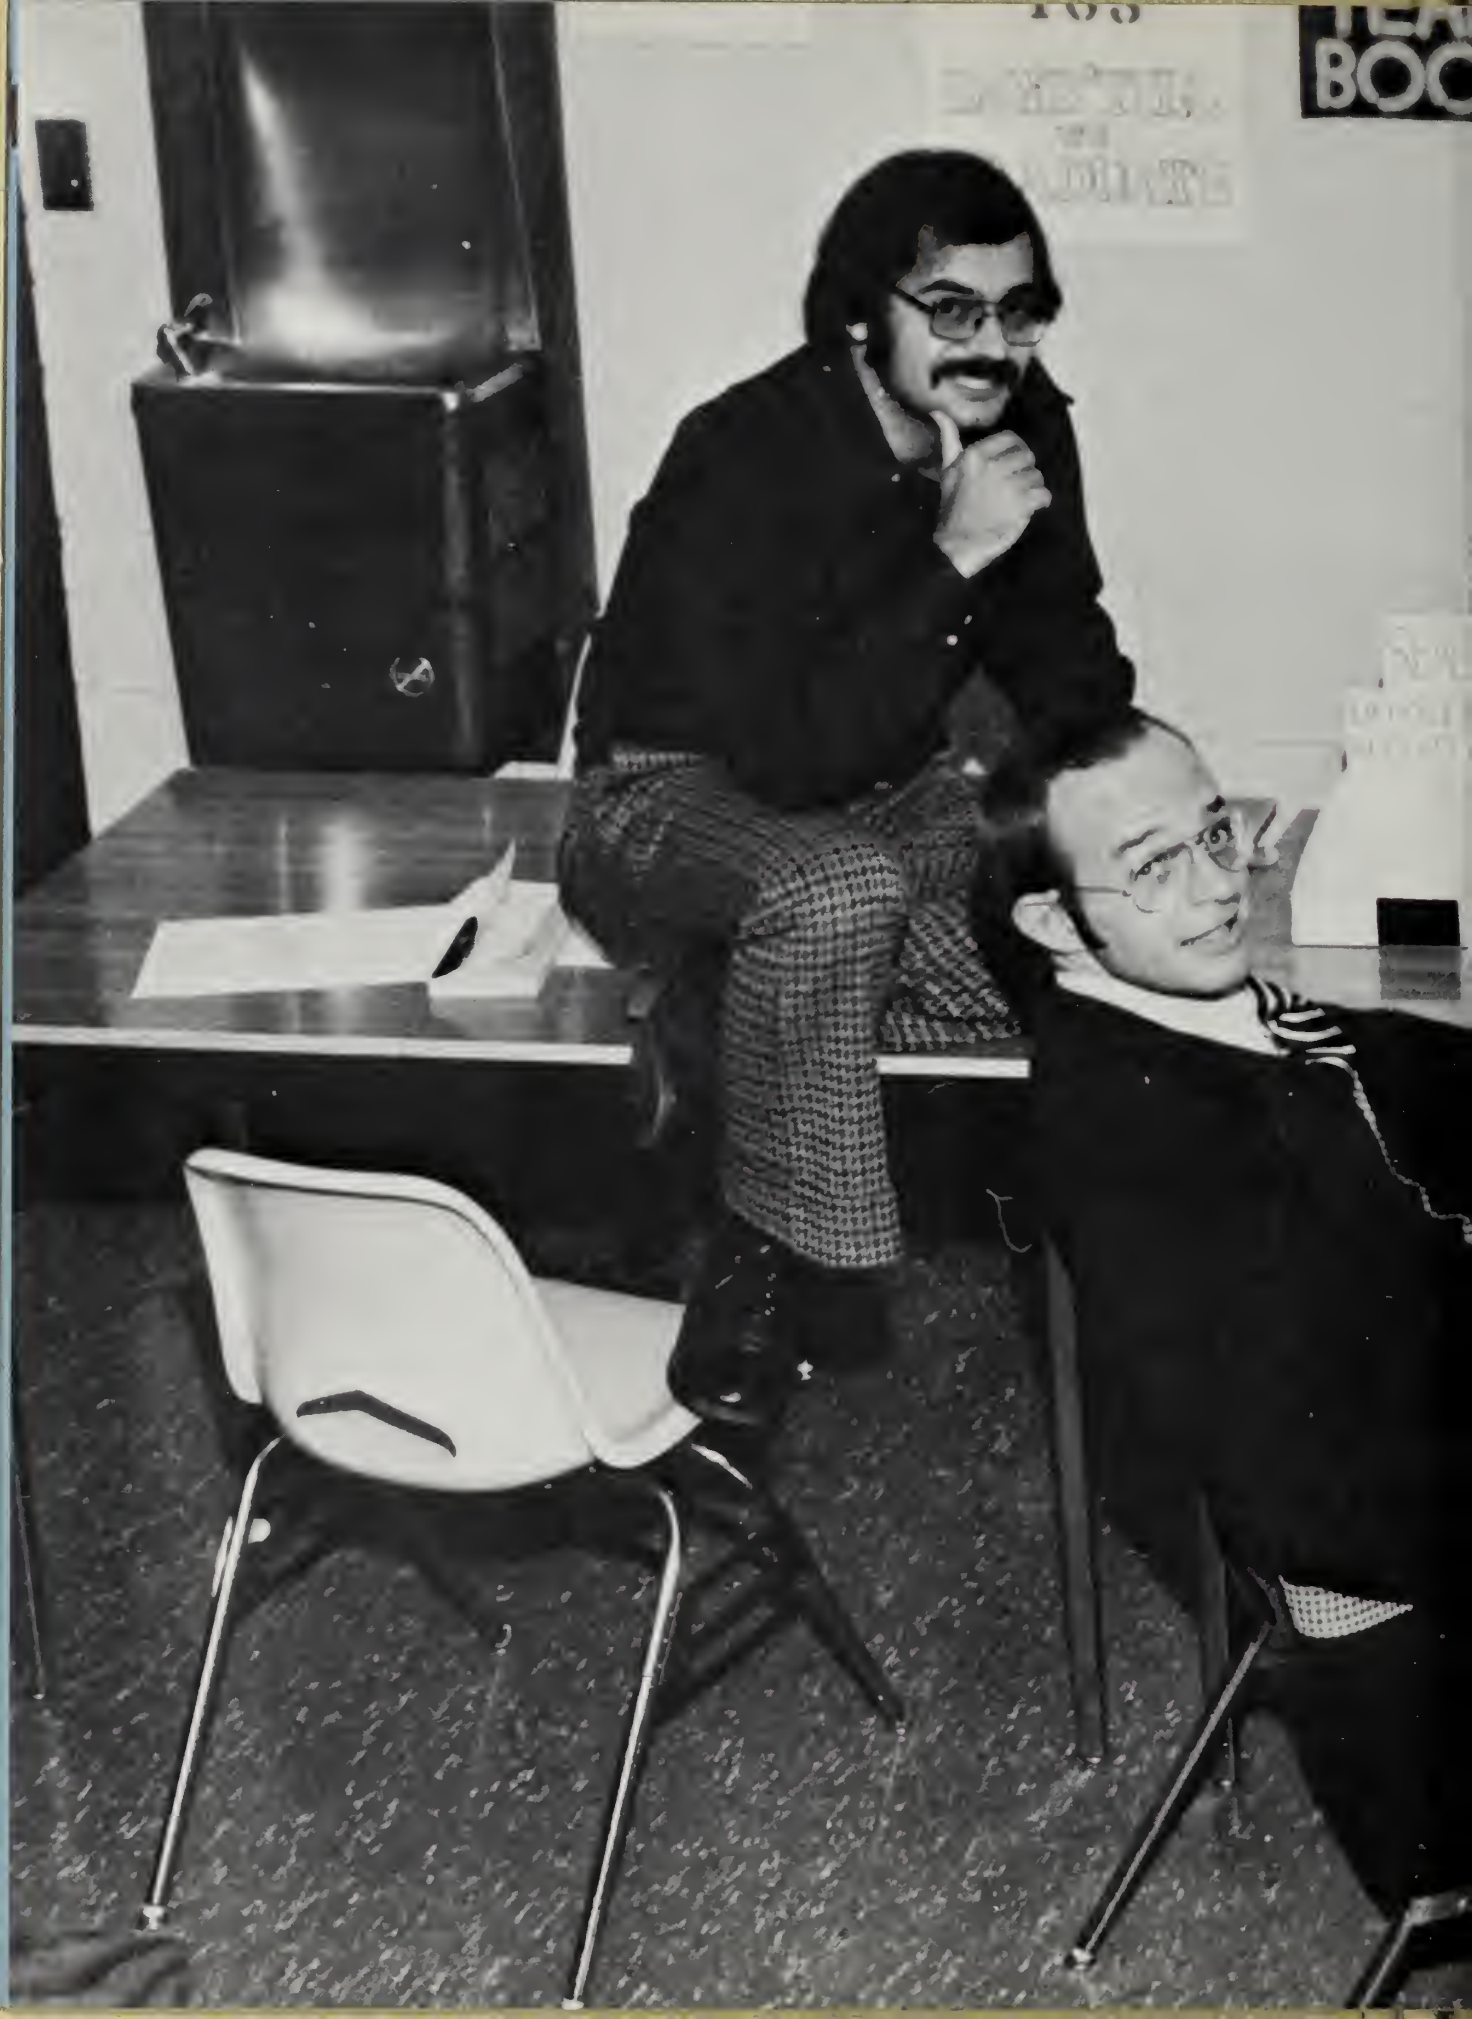

"That person proves his worth who can make us want to listen when he is with us and think when he is gone."

We, the class of 1976, wish to dedicate this book to Mrs. Sharon Norby, our yearbook advisor, our friend, and our teacher. As a teacher, she motivates the student to do his best by encouraging him to believe in himself. This personal style of teaching transcends the walls of her classroom and may well be discovered in her lifestyle. In difficult situations, she remains calm and reflects an element of stability.

Her warm and outgoing personality has attracted many students and fostered many friendships. A quiet and pleasant manner invites respect from faculty as well as students and gives a feeling of relaxation to those in need of laughter or comfort.

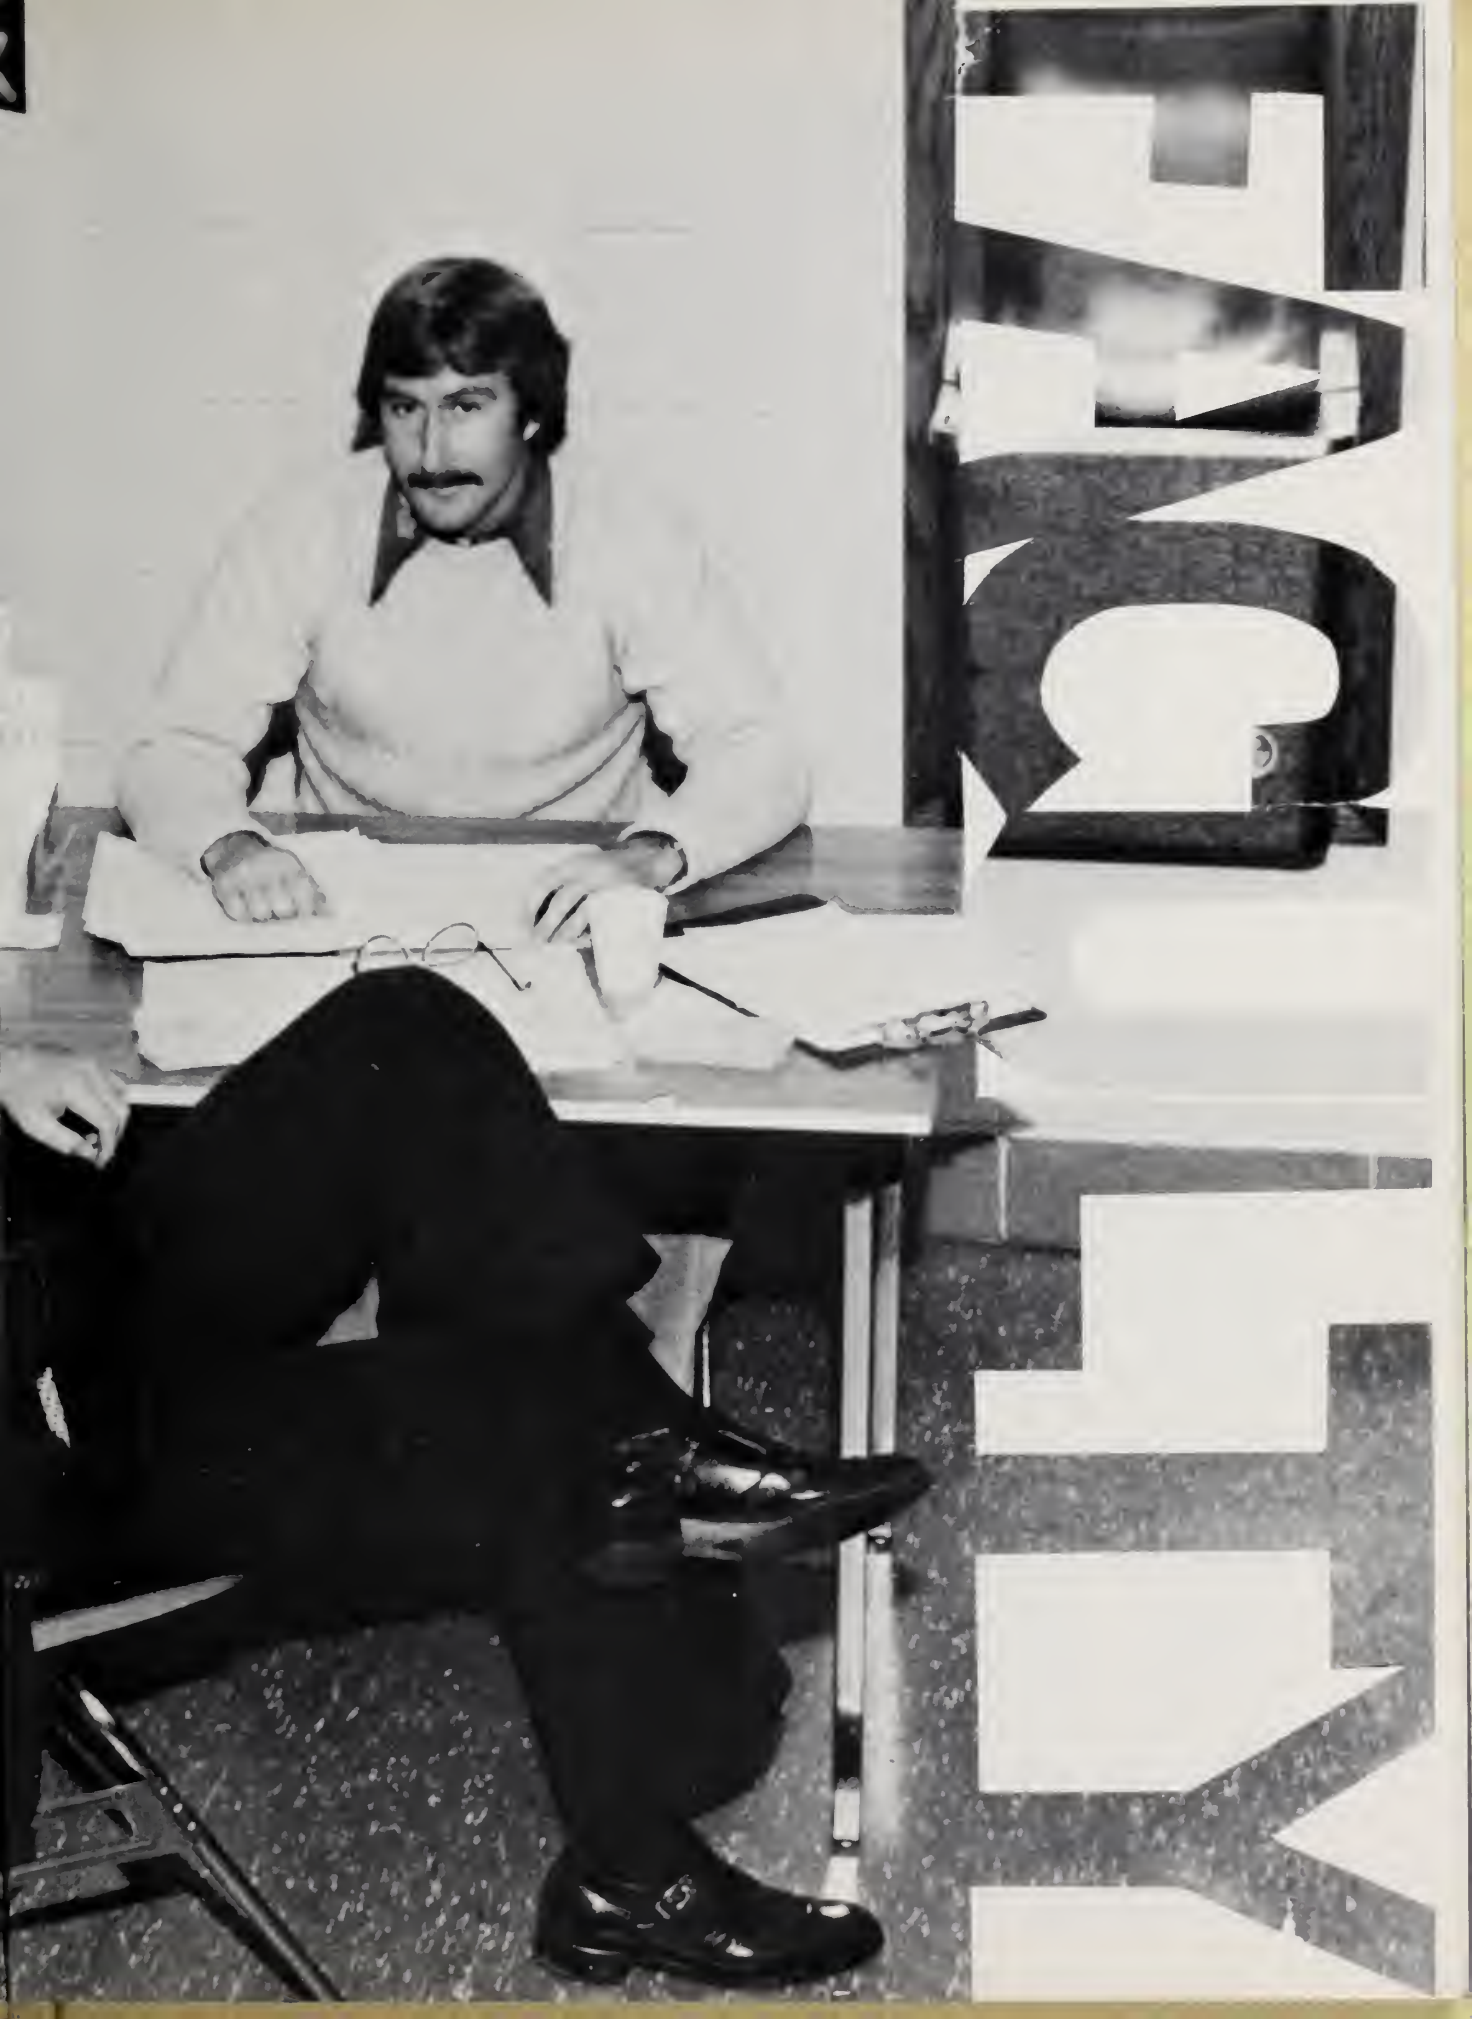

As our yearbook advisor, Mrs. Norby has guided the Traces staff members through the maze of layout problems, picture cropping and deadlines. Her patience and efforts have served as an inspiration and resulted in the distinctive yearbooks which have become a trademark of Enrico Fermi High School. We will fondly remember Mrs. Sharon Norby when we remember our high school days.

As we bid farewell to you, the class of the nation's bicentennial year, we celebrate your birthday as well as that of our nation, since birthdays are not only celebrations of origin, but also celebrations of growth.

You have reached a milestone in your life. You are part of an infinite world. Take a moment now to lift your eyes from your books to see what lies beyond; to see not only what you have been, but also what you can be; to rediscover this wonderful nation of ours.

I ask that you join in the never-ending revolution, continuing to work on behalf of America's unfinished business, preserving what is good, making right what is wrong, passing on to the next generation the liberties our founding fathers gave to us.

Our country has survived. We have had our problems. We have made mistakes, but we are still learning and growing after two turbulent centuries; and so you too, members of the class of 1976, will face problems and make mistakes, but you too are still learning and growing. As the spirit of democracy still lives in America, even so your spirit will live in the lives of other students at Fermi High.

On behalf of the administration and staff I wish you every success.

Sincerely,

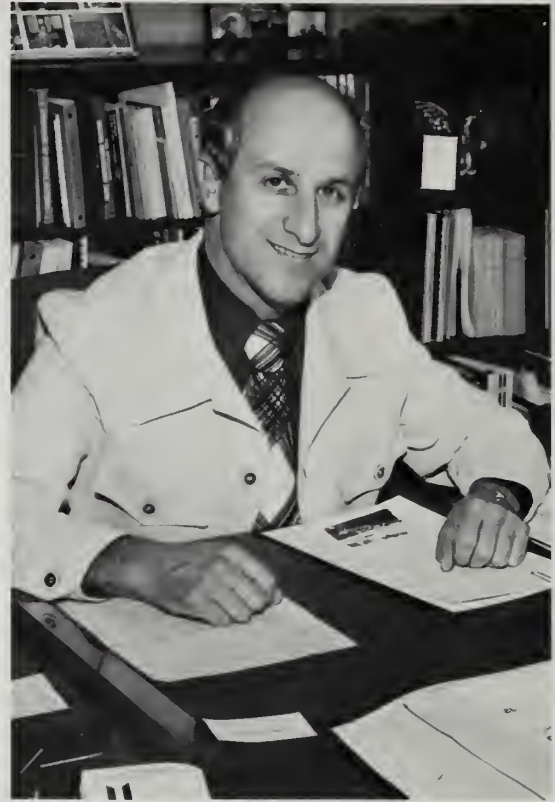

A handwritten signature in dark ink, appearing to read "Mario A. Gentile".

FAMILY LIVING — CONSUMER EDUCATION

Education is not something in the air, cut off from the daily life of the student or from his future work as a citizen. Real education, it is felt, must be based on the actual environment and experiences of the child, and must fit him for the work he will have to do in the after-life.

SENIOR CLASS OFFICERS

This past year we have all shared many interests in the halls of Enrico Fermi High School. To many of us, the senior year has held the same basic meaning: the final hurdle of a dozen years of preparation for our future endeavors.

However, as each of us searches for a more personal significance to those years, the similarity of our feelings ends. To some, graduation will generate feelings of self-satisfaction for past accomplishments; to others, it will signal the need for establishment of future goals. Memories will also vary, ranging from our accumulation of responsibilities through a decade of maturing years, to fond remembrances of a special dance or football game.

Our individuality will be further magnified through our choice to continue our education, pursue different career fields, or begin a meaningful family life.

Fortunately, we have all shown a tolerance for our many differences and this has created a school atmosphere of sociability and cooperation.

Undoubtedly, the Class of 1976 will retain this friendly quality throughout their lives, and leave a pleasant memory in Enrico Fermi High which no other class can match.

Sincerely,

Dan Dube

Class of 1975

The 1975 Girls' Varsity Swimming Team, led by Co-Captains Terry Curtis and Peggy Maher had a very successful year, producing a 5 win 7 loss dual meet record. Nine of the eleven school records were broken and we finished 13th in the "LL" division of the state championships.

Our season's highlight (of the dual meet season) was an 87-85 loss in our opening meet against league champion Hall High School. This meet gave notice to the rest of the league that Fermi Girls' Swimming Team has arrived.

The new record holders are 200 YD. MEDLEY RELAY--(2:14:1) Nancy Goodrow, Sandy Noonan, Kathy Mon and Mary Henry; 200 YD. FREESTYLE --(2:27:2) Kelly O'Brien; 200 YD. INDIVIDUAL MEDLEY--(2:46:8) Carol Mon; DIVING--(176 pts.) Mary McCusker; 100 YD. BUTTERFLY--(1:15:8) Kathy Mon; 100 YD. FREESTYLE--(1:03:9) Kathy Mon; 500 YD. FREESTYLE--(6:49:2) Patty Healey; 100 YD. BREASTSTROKE--(1:19:3) Sandy Noonan; 400 YD. FREESTYLE RELAY--(4:26:9) Kathy Mon, Mary Henry, Brenda Kinney and Kelly O'Brien.

FRONT ROW-LEFT TO RIGHT: Nanci Goodrow, Sharon Hartley, Lynda Lucey, Terry Curtis, Peggy Maher, Brenda Kinney, Rachel Morin, Pat Michalik. SECOND ROW: Cindy Bonfiglio, Tina Johnson, Laura Shaeffer, Mary McCusker, Jeni Williams, Kathy Mon, Sandy Noonan, Mary Henry, Peggy Sheak, Carol Mon, Sue Pieper, Coach Lengyel. THIRD ROW: Sue Cappa, Kelly O'Brien, Donna Duprey, Donna Craddy, Pauline Quinn, Sue Wright, Lynn DaPrato, Judy Alevo, Janice Kocot, Chris Meissner, Diane Ireland.

While this season was not a winning one, it certainly was a rewarding one. The name of the game was hustle and teamwork. A more balanced team effort we have never experienced.

It seems ironic that the only game where a shut-out was not experienced was to be our most decisive, resulting in a 2-1 loss. Our season's record was 6 wins and 8 losses.

The enthusiasm and effort exhibited by our players offers encouragement for a very promising future here at FERMI.

The Fermi Football team surprised many people by repeating last year's 5-5 record. The team comprised mostly of inexperienced underclassmen was the reason no one thought Fermi would win more than a few games. Yet, one of the team's outstanding games was a 49-8 rout of powerhouse over Simsbury on Homecoming weekend. This was the third win of a three game winning streak. The team was highlighted by an explosive offense, and an unpredictable but

stubborn defense. The offense was led by Senior Halfback Charlie Pilkington who led the area in scoring (104 pts) and rushing (1300 yds.) and Senior Quarterback Joe Spence who led the C.C.I.L. in passing with 1,987 yds. and 18 touchdown passes. Both won Player of the Week honors from the C.C.I.L.

The seniors from the 1976 team would like to wish the 1977 Falcon team the best of luck next year.

Coach Gene Ryczek

The amount of practice, desire and dedication certainly was not reflected in this year's cross country record. Individual times improved a great deal as the year progressed but the season was too short. Although practice was usually strenuous there were some "off" days of touch football and other team competition.

Graduation will take away two of our top runners, Don Gonzalez and Dave Boyajian. Our co-captains set a fine example for our young team. Running is 90 percent mental and the mental attitude of these young men was excellent.

FIELD HOCKEY

To most people, a successful season is one in which the wins out-number the losses. Thus, to most people, this 1975-1976 field hockey season was not a success. To coach and players, the degree of success is determined by the amount of hard work, dedication, effort, and self-sacrifice exhibited by the members of the team. In most of the games played this season, these elements that help to make team unity were close. To have played the defending state champions (Simsbury) and to lose 1-0 is but an excellent indication of just how well this team worked.

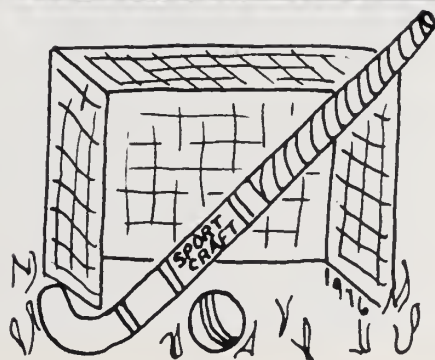

Senior members Polly Bauckman, Rosemarie Bellantuono, Janice Davis, Bette Derosé and Debbie Nelson gave of themselves to help keep the team together through the sharing of hockey knowledge and abilities. Each, in her own way, will be missed during the next season 1976-1977.

The record of the Junior Varsity team shows promise for the future of Femi Field Hockey, as there were many talented people at this level, I am sure the underclasswomen join me in wishing the seniors all the best that lies ahead in their careers.

In my experience as an advisor, I have found cheerleading to be the activity which kept my spirit enthusiastic and serve as a means of keeping me tuned into the female teen. Being a male advisor, it made the adjustment for the girls a little harder with moments of frustration and times when I felt cheerleading was nothing but a nightmare.

When I took the assignment I went to Kathy Kelly and said "What do I do?" She was my advisor to begin with. Then I called Mrs. Chiancola, the former advisor, who told me to be "tough on the girls" and keep them in harmony. Following all this advice I proceeded to take over my responsibilities.

I took pride in the honor of being the cheerleading advisor for the greatest kids in the school. Everyone expects so much from these girls and they always followed through.

I congratulate seniors Kathy Kelly, Karen D'Amato, Janet Diorio, Kathy Michaels and Jennifer Provencher for a job well done.

The Fermi Girls' Basketball Team faced a major rebuilding program this past season. With the loss of some key players due to graduation, the team relied mainly on talent from the sophomore and junior classes, hoping to formulate into a stronger contender for the seasons to come. Adding to the rebuilding program was a new coach as well.

Although the team's win-lose record of 1-17 did not indicate league champions, they did prove to be a team of much spirit, aggressiveness, and positive basketball to be reckoned with in the league next year.

I, as coach of this 1976 team, was happy that we had our fourth winning season in a row. It was a pleasure to have seen so many records broken and to have had so many of the team members qualify for the state tournament.

The school records that were broken are as follows: 200 YD. MEDLEY RELAY -- M. Slattery, P. Beigel, D. Hayward (1 min. 51.2 sec.) 200 YD. INDIVIDUAL MEDLEY-- M. Traynor (2 min. 17.5 sec.) 50 YD. FREESTYLE--D. Hayward (24.4 sec.) 500 YD. FREESTYLE-- M. Traynor (5 min. 24 sec.) 100 YD. BACKSTROKE -- M. Slattery (1 min. 4.4) 400 YD. FREESTYLE RELAY-- P. Beigel, M. Slattery, M. Healey, D. Burn (3 min. 44.5 sec.). QUALIFIED FOR CIAC STATE "LL" CHAMPIONSHIPS-- 200 YD. MEDLEY RELAY-- M. Slattery, M. Healey, P. Beigel, M. Fusco (Alternates S. Korb, M. Baum) 200 YD. INDIVIDUAL MEDLEY M. Traynor 50 YD. FREESTYLE-- M. Fusco 500 YD. FREESTYLE--M. Traynor 100 YD. BACKSTROKE-- M. Slattery. HIGHLIGHTS OF BULKELEY RELAYS-- 1ST PLACE 300 YD. BREASTSTROKE RELAY-- M. Healey, P. Beigel, M. Baum, B. Healey (3:24:6 meet record) 1ST PLACE 300 YD. BACKSTROKE-- M. Traynor, S. Korb, M. Craddy, D. Burn (8:42:9).

Lastly, I would like to wish our seniors a long, happy, healthy and prosperous life. Thanks for the memories.

The members of this team can always say they were the FIRST of Fermi's winning Basketball teams.

As a team that carried only 2 seniors, 8 juniors, and two sophomores, the Falcons have surprised many people. The team worked and worked to near the top of the league in just one year.

Highlighting the year were 2 victories over Enfield, the CCIL post season tournament, the state tournament, and numerous close, exciting wins.

With the state tournament still to be played, Falcon fans can look back at a super exciting year that featured team play, intense desire to improve, and WINS.

The Falcons will be back in force for a great year in 76-77 with the exception of two of our finest who will graduate. To our seniors John Mayo and Capt. Keith Patenaude, we say thank you for three great years.

The 1975-1976 wrestling season has been an improvement from last year. Going into their last match, the team has a record of five wins and seven losses. Our expectations for next year are even greater than what we had for our current season. The team is made up of primarily sophomores and juniors. This should give us a strong nucleus to work from next year. To the seniors that are leaving I extend my thanks and best wishes for their success. The remainder of the team asks for your support next year. They will do their best to provide a successful season.

What can you say of a team comprised of eight sophomores, six juniors and five seniors which finishes second in CCIL play yet suffers its worst season?

Rebuilding was the name of this past season and we have come a long way together. Sophomores Steve Jensen, Todd Sawamura and Rich Sawtelle compose the best second line in Fermi's history. Alternate captain for next year, Nelson Aiken, is one of the best defense men to develop in our program. Fran Bourque, a first line right wing, Jack Shaughnessy and Mike Sidorsky all cover the ice expertly.

"Mr. All-Round", Glen Rasmussen, was our leading scorer and penalty killer. Sharing the responsibility of captain next year with Glen is Bob Regan, a fine defenseman who has played every position but goalie and has started every game for two years.

Balance was kept by Earl Reynolds, Tony Lombardi and Bill Peltola as well as Jim Chevalier, our goalie, who ends the season 7-3 overall and 6-3 in league play.

We will lose seniors Dean Buczkowski, Rene Golden, Dave Sawtelle, Ken Gatto and goalie Mike Cizeski. They have left a fine legacy behind them. They deserve praise for their contributions and success in future years.

Sincerely,

There is something marvelous in music. I might almost say it is, in itself a marvel. Its position is somewhere between the region of thought and that of phenomena; a glimmering medium between

mind and matter, related to both and yet differing from either. Spiritual, and yet requiring rhythm; material and yet independent of space.

The Seniors of Homeroom 116
are glad, but sad, to go.

If you think you'll lose, you've lost
For out in the world we find
Success begins with a person's will
It's all in the state of mind.

Nestled among a year of Olympics, Presidential elections and the Bicentennial celebration is this Senior Class of Enrico Fermi High. Each of us came to Fermi with different expectations and different abilities, searching to find some avenue where we would "fit in" and be comfortable. New fads were tested, diverse activities were undertaken and we became knowledgeable of our skills and limitations.

Now we have arrived at a critical point in our lives as we are confronted with a difficult lifestyle ahead of us, our future. The doors of Fermi High swing open to us at graduation; and as we venture forth, the achievements and experiences of our high school days will fortify us to even greater successes.

In your climb to future accomplishments we wish you **HAPPINESS** as you test your uniqueness by branching out....

"We must not make the past the only
light for the ensuing years.
A new leaf must be turned
and new ideas read.
We must hear things that have
never been heard before.
Thus will a new world arise."
--David Polis

*We all live under the same sky,
but we don't all have the same horizon.*
